NEW SPICER® U-JOINT MEASUREMENT RULER

MISCELLANEOUS

DATE: August 8 ,2011

TO: All Dana Aftermarket Group-Spicer® Universal Joint Customers

The Dana Aftermarket Group is pleased to announce recent upgrades to our popular U-Joint Ruler (3310-11). The new ruler has the same 10 Series and SPL Series call-outs you're used to, but is now longer and wider, and includes markings that allow you to quickly measure the pilot diameter of Spicer Italcardano wing bearing u-joints from size 4C to 14.5C.

To get your new rulers, simply ask your Dana Spicer Aftermarket Sales Professional to place them on order.
